

PUBLIC NOTICE

KOREAN NATIONAL RECRUITMENT SYSTEM PERSONNALLY IDENTIFIABLE INFORMATION POTENTIAL COMPROMISE

The Civilian Human Resources Agency (CHRA) Far East Region requests individuals who applied for a position with U.S. Forces Korea (USFK) between March 2010 and April 2014 using the CHRA Korean National Recruiting System (KNRS), or were employees of USFK who received their human resource services from Army Civilian Personnel Advisory Centers (CPAC) and have not received an e-mail from CHRA notifying them of the potential compromise of Personally Identifiable Information (PII) to call the KNRS Call Center at 080-850-1212. This is a toll free number and the KNRS Call Center personnel will assist to determine whether or not callers had personal information on the affected system where a possible theft of that information occurred.

CHRA is taking this action because there were individuals that were not reachable during the notification on June 5, 2014 of a potential theft of their PII.

CHRA again apologizes for this unfortunate incident and will vigilantly safeguard information.
